ICO Private Sale

5 August 2018

ICO Public Sale

Starts Q4 2018

A new era of delivery service through robots, blockchain and AI

Geeba is a decentralized delivery ecosystem that enables businesses to operate deliveries with autonomous vehicle and smart hubs. The high costs, lack of efficiency, and demand of deliveries today enables Geeba to introduce a new approach to the industry by allowing the community to actively participate in the evolution through leveraging blockchain.

ADVANCING AUTONOMY

- 1 Aerial vehicles
- 2 Ground robots
- 3 Smart hubs

ADVANCING ECONOMY

- 4 Crypto payment
- 5 Geeba Nest Market
- 6 Transparent governance

ADVANCING TECHNOLOGY

- 7 Fleet mgmt. platform
- 8 E-commerce platform

TOKEN SALE

Token Exchange Rate
1 Token = US\$0.10

Private Sale
US\$800,000

Soft Cap
US\$3.2 million
